

Australia's most advanced LAMS-approved sportbike.

The MY26 450SR builds on CFMOTO's performance legacy with stronger engine output and refined torque delivery, creating smoother, more responsive acceleration across the rev range. A revised throttle system enhances rider precision with a lighter pull and improved feedback, while upgraded ergonomics and seat design boost long-ride comfort.

Combined with refined chassis geometry, upgraded materials, and modernised bodywork, the MY26 450SR delivers measurable gains in stability, control, and rider engagement—all within CFMOTO's renowned balance of performance and value.
