Middleweight 800

Based on the popular UFORCE 600 platform, the chassis has been extended and beefed up – including new suspension, steering components and greater ground clearance to accommodate the longer wheelbase. The result is a new mid-sized 4-seater UTV powered by CFMOTO's 800cc V-twin engine and featuring an all-new CFMOTO CVT system – smoother driving, easier working.

- TOPOCE OF THE PARTY OF THE PART
- V-twin 800cc engine Long wheelbase four seater UTV
- CFMOTO CVT System smoother driving, easier working
- Get work done 680kg tow capacity 300kg cargo tray capacity
